CARRIER TERMS - TRACKING, SECURITY & PERFORMANCE

DJFB-RC-001 | Revision 1.0 | Effective August 4, 2026  
Page 2 of 3

MATERIAL TRACKING AND ANTI-REBROKERING CONDITION

Active GPS tracking is a material condition of this shipment. Tracking must be activated before pickup and remain active through delivery. Carrier shall not rebroker, transfer, cross-dock, or substitute a driver or equipment without DJ's prior written approval. Failure to comply is a material breach and may result in cancellation, nonpayment where legally permitted, indemnification, and recovery of resulting losses.

Safety instruction: tracking setup and updates must be completed while safely parked, never while driving.

1. AUTHORITY, IDENTITY AND INSURANCE

Carrier warrants that its legal name, MC/USDOT number, dispatch contact, driver, tractor, and trailer information are accurate and match the carrier vetted by DJ's. Carrier will maintain active operating authority and all insurance required by law, the broker-carrier agreement, and this load through final delivery. Carrier must immediately disclose any authority, insurance, ownership, contact, or factoring change.

2. EXCLUSIVE CUSTODY AND NO SUBSTITUTION

Carrier retains exclusive possession, control, and use of the equipment and assumes full responsibility for the freight from pickup through delivery. No trip lease, interchange, subcontracting, team/driver change, trailer swap, cross-dock, transload, storage, or other transfer is permitted without DJ's prior written approval. Approval of a change does not release Carrier from responsibility.

3. COMMUNICATION AND INCIDENT REPORTING

Carrier must report arrival, loaded status, departure, location/status updates, delays, route deviations, OS&D, seal issues, accidents, theft, cargo exposure, temperature deviations, and delivery immediately. Emergencies must be reported to 911 first when appropriate, then to DJ's at (682) 552-3169. Carrier must preserve documents, photos, telematics, and other evidence relating to any incident.

4. CARGO, SEALS AND SECUREMENT

Carrier and driver must inspect the trailer and visible cargo condition, verify counts when allowed, confirm load distribution and securement, record the seal, and note exceptions on the BOL before leaving pickup. Carrier may not break or replace a seal except as legally required or with prior written authorization; any required seal break must be documented immediately.

5. ACCESSORIALS, DETENTION AND ROUTE COSTS

The total rate is all-inclusive except items expressly listed on page 1 or later approved in writing by DJ's. Accessorials require prior written approval and supporting receipts. Detention requires timely arrival, immediate notice at the start of delay, signed facility in/out times, and the free-time/rate stated in the special instructions or controlling agreement. Tolls, permits, fuel, parking, and ordinary operating costs are included unless stated otherwise.

6. DOCUMENTS AND PAYMENT

Payment is conditioned on receipt of a correct carrier invoice, this accepted rate confirmation, signed BOL, clean POD, and all required receipts and shipment records. Documents should be submitted promptly to info@djsfreightbroker.com unless DJ's provides another written billing address. Quick Pay, if offered, is subject to separate approval and fees. Carrier may not change payment or factoring instructions without verified written documentation.

7. CUSTOMER SERVICE AND CARGO CLAIMS

Carrier will perform safely, lawfully, and on schedule and will cooperate with reasonable cargo-claim investigation. Carrier remains responsible for loss, damage, delay, contamination, and theft to the extent imposed by applicable law and controlling contracts. No notation by a driver or facility waives DJ's or the customer's rights.

CARRIER TERMS - LEGAL, DOCUMENTS & ACCEPTANCE

DJFB-RC-001 | Revision 1.0 | Effective August 4, 2026  
Page 3 of 3

8. INDEMNITY AND RECOVERY OF LOSS

To the fullest extent permitted by law, Carrier will defend, indemnify, and hold harmless DJ's Freight Broker LLC, the customer, and their personnel from claims, fines, penalties, liabilities, cargo loss, property damage, bodily injury, costs, and reasonable attorney fees arising from Carrier's or its personnel's acts, omissions, breach, regulatory violation, identity misrepresentation, unauthorized rebrokering, or unauthorized transfer. DJ's may offset documented amounts owed by Carrier against freight charges when permitted by law and controlling agreements.

9. BROKER ROLE; INDEPENDENT CONTRACTOR

DJ's is a licensed property broker arranging transportation and is not the motor carrier, driver, employer, or warehouseman. Carrier is an independent contractor with exclusive control over its personnel and safe operation. Nothing in this rate confirmation creates an employment, agency, partnership, or joint-venture relationship.

10. CONTROLLING DOCUMENTS; NO UNILATERAL CHANGES

This rate confirmation supplements the signed broker-carrier agreement. Load-specific rates, stops, dates, cargo, equipment, and special instructions in this document control for this load; the broker-carrier agreement controls general legal terms if a conflict exists. Carrier tariffs, invoices, BOL language, stamps, portals, or other unilateral terms do not amend DJ's obligations unless DJ's expressly agrees in writing.

11. ACCEPTANCE; ELECTRONIC RECORDS

Carrier accepts this rate confirmation by signature, electronic acceptance, written confirmation, dispatch, or pickup after receiving it. Electronic signatures and records are enforceable to the same extent as originals. Carrier must notify DJ's in writing before pickup of any disagreement; silence followed by performance constitutes acceptance.

12. GOVERNING LAW; SEVERABILITY; NO WAIVER

Except where federal law controls, Texas law applies, and venue lies in state or federal courts in Tarrant County, Texas. If any provision is unenforceable, it will be narrowed or severed without affecting the remainder. A waiver must be in writing and applies only to that instance.
